TERMS AND CONDITIONS OF SALE:

Federal and State law require the following notices:

The undersigned gives each of the Companies permission to investigate the credit history of the above individuals and entities, as well as any individual whose signature appears on this application, by obtaining credit reports and consumer reports and, for individuals, by making direct inquiries of businesses where such individuals have accounts and where they work or have worked. The Companies may request a credit report or consumer report from consumer reporting agencies, as applicable, in considering this application for credit and later in connection with any update, review, renewal, extension of credit, collection of amounts delinquent or for other legitimate purposes associated with the credit. Upon request, the Companies will tell the undersigned whether such a report was requested and the name and address of any consumer reporting agency that furnished the report. The undersigned also authorizes the Companies to report the applicant's performance in connection with credit issued hereunder, if any, to credit bureaus and others who may properly receive such information. Late payments: missed payments, or other defaults may be reflected in the applicant's credit report.

By submitting a credit application, the undersigned acknowledges and agrees that the information in the application, as well as any updates to that information, will be provided to each of the Companies, as applicable.

The undersigned need not utilize credit provided hereunder, if any, and until it does it need not to pay any fees.

The undersigned understands that the Companies are relying on the information provided herein in deciding to grant or continue credit. The undersigned represents and warrants that the information provided is true and complete and that the Companies may consider it as continuing to be true and correct until a written notice or change is given to the Companies by the undersigned.

The undersigned hereby agrees that the disputes arising out of this agreement or goods and merchandise ordered or delivered pursuant hereto will be governed and settled under applicable principles of New York State law, without regards to conflicts of laws principles that would cause the application of the laws of any other jurisdiction, under jurisdiction of the State of New York Courts and that venue in any such action shall be in the County of Herkimer.

In the event credit is approved, payment in full for all goods and merchandise is due to the applicable company on the 30th day after acceptance of such goods or merchandise, which shall be deemed to occur within twenty-four (24) hours of receipt thereof unless within such time the companies have been notified that such goods or merchandise are rejected as nonconforming. Any past-due amounts are subject to a 2% service charge per month (annual percentage of 24%) or the maximum percentage allowed by law, if lower. Credit granted hereunder, if any will be suspended in the event any amount is past due, and all amounts outstanding shall be accelerated and immediately become due and payable. Until full payment is received for goods and merchandise, the undersigned hereby grants to the Companies a security interest in such goods and merchandise (the "Collateral") and hereby authorize the Companies to file such financing statements relating to the Collateral without signature thereon as the Companies may deem appropriate, and appoints each of the Companies as attorney-in-fact (without requiring the Companies) to execute any such financing statement or statements and to perform all other acts which the Companies deem appropriate to perfect and continue the security interest herein granted and to protect, preserve, and realize upon the Collateral.

Each of the Companies reserves the right to revoke credit at any time. The undersigned agrees to make payments for all invoices whether said invoices are signed or unsigned. In the event this account is placed in the hands of a collection agency or attorney, or proceedings are instituted to collect a debt for goods or merchandise, the undersigned also agrees to pay all costs and attorney's fees incurred by the Companies.

All purchase orders submitted to the Companies shall be subject to, and shall be deemed to incorporate, all terms of this Application, and any term in any purchase order inconsistent with this Agreement shall have no effect whatsoever, unless the Companies expressly acknowledge the inconsistency in writing and expressly agree in writing to abide by such inconsistent term.

This Application, and any credit granted hereunder, if any, shall not be assignable without the prior written consent of the Companies. In the event the applicant is a business, consent of the Companies shall be required for any change in ownership, measured from the date hereof, of more than fifty percent (50%) of its outstanding equity interests.

In the event credit is granted hereunder, no delay or omission on the part of the Companies in exercising any right hereunder shall operate as waiver of such right or of any other right. No waiver by the Companies of any default will operate or be construed as a waiver of any other or future default or defaults, whether of a like or a different character.

By signing this application, I acknowledge that I have read and understand the **Terms and Conditions of Sale** and agree to abide by them.
